M-TALKS: THE SERIES

An exclusive series of activities for the metalworking community of METALEX Vietnam 2022

M-TALKS is a series of activities carried out with the aim of enhancing the competitiveness of Vietnamese enterprises through intensive training workshops, combined with technology webinars and private networking events. With M-TALKS, world-class technology, machine tools and solutions providers will be possessing the opportunity to penetrate the Vietnamese market, strengthen brand awareness, understand customers' needs and generate leads.

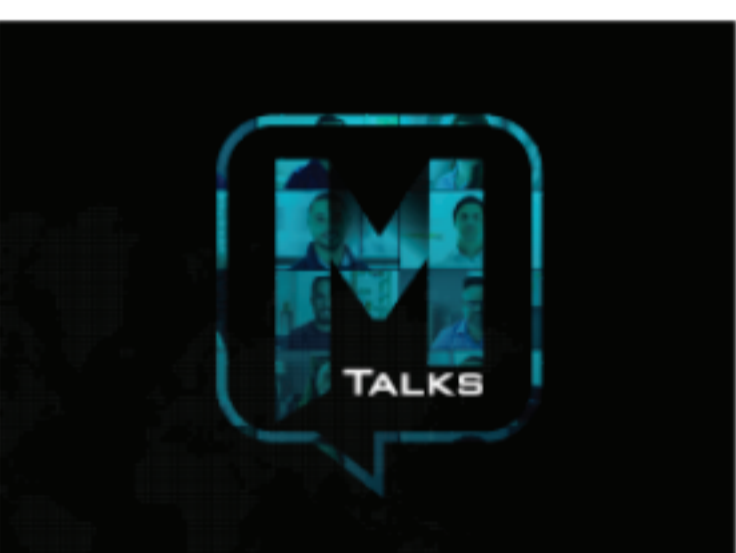

M-TALKS: PRIVATE NETWORKING EVENT

This is an exclusive event for Vietnam manufacturing community to share views on challenges and opportunities amid the pandemic, along with their demands for machinery and equipment. METALEX Vietnam community's guests would be invited to join the event to meet and mingle with their potential customers. This would be taking place in a warm and intimate atmosphere, especially beneficial for industrialists of METALEX Vietnam.

M-TALKS: COMPREHENSIVE TRAINING WORKSHOP

How can Vietnamese manufacturing firms rebound and participate deeply into the global supply chain? This question will be answered through the comprehensive training workshops of M-TALKS. The most interesting topics will be discussed in workshops, such as human resources in manufacturing, factory management, technology application to leverage production efficiency and actionable tips for a great sales pitch.

M-TALKS: TECHNOLOGY WEBINAR

At M-TALKS: TECHNOLOGY WEBINAR, not only prominent experts will be sharing their advice for Vietnamese manufacturers, but also renowned exhibitors will be introducing their latest technology and solutions. Participants can raise their questions and receive live answers during the event
